PROFILE

A highly skilled Senior Database Administrator and Instructor with over ten years of experience in SQL Server, PostgreSQL, MySQL, and MongoDB, across both Windows and Linux environments. Expertise in DBMS development, data analytics, SaaS, and automation, with a proven track record of delivering scalable and robust database solutions that foster continuous technical innovation. Eager to broaden my expertise in emerging fields such as Data Science and Artificial Intelligence, including Data Mining, Analytics, and Quantitative Research. Passionate about research and development, with a strong commitment to lifelong learning and staying at the forefront of technological advancements.
